Center for Soft Matter and Biological Science

Center Collaboration Incentive Grant

Director: Associate Professor Shengfeng Cheng

This grant is for two or more graduate students from different research groups supporting a new collaboration for a planned or ongoing research project. It awards up to \$400.00 per semester, per group. If you are interested, please see requirements below.

- Submit a one-page (max) outline of your research, explaining the following:
 1. Research Idea
 2. Role of each of the collaborators
 3. How does the research benefit from the collaboration?
- Fill out and sign the attached application listing the names of applying students.
- Application requires adviser's signature.

Please send all submissions to the Center Director Associate Professor Shengfeng Cheng (chengsf@vt.edu) and Mrs. Katrina Lockhart-Elfeky (katrl1@vt.edu).
